KNIGHTS TO MEET AT JOSEPHINE CAVES

The local lodge of Knights of Pythias is now making plans for the staging of initiatory ceremonies in the Josephine caves during the coming summer, and Knights from the entire northwest are to be asked to participate. Last season Crater lake was the scene of one of the greatest meetings of Pythians ever held in the west, and the most novel ever held anywhere. It is expected that when the Ghost chamber and Joaquin Miller's chapel and a few more of the wonder places in the caverns on Gray-back are used for initiatory settings another record for interest and novelty will have been established. The supreme officers of the order are expected to come east next summer, and it is hoped to have the meeting at the caves during their visit.

LOVE-CRAZED YOUTH KILLS 3 AND SELF

San Francisco, Jan. 12.—Love-mad and rejected in his suit for the hand of Mrs. Margaret Hill Ray, 19-year-old divorcee, Lloyd Peyser, 25 years old, today shot and killed the girl and her mother, Mrs. D. W. Evans, and fatally wounded the girl's sister, Mrs. Irene White. Then, viewing the ghastly triple tragedy, he turned the gun upon himself and ended his own life.

For some time the family had been in terror of Peyser. After the pretty divorcee had spurned his offer of marriage, he had threatened to wipe out the entire family. It is said.

On Sunday he had a final quarrel with Mrs. Ray, when she told him flatly she would have nothing further to do with him. The trouble was so violent that the family took precaution to warn the policeman on the beat to watch Peyser should the latter return.

Monday night he telephoned and told the girl that he was tired of living without her, and that he intended suicide. But he did not carry out his announced intentions. Instead, he brooded over the affair until today. Then he went to the Evans' apartments, where the girl lived, and announced over the phone tube "This is Eddie," disguising his voice to make it appear he was Mrs. White's husband.

The family did not suspect that their caller was other than the man he represented, so he was admitted. When he entered the apartment, his face livid and his hands working nervously, Mrs. Evans screamed. As she did so, Peyser whipped out an automatic pistol, rushed at her and fired a bullet through her head. Meantime, Mrs. Effie Ramsey, a neighbor, with her little daughter, who had been calling at the home, slipped out of the doorway and downstairs, where she crouched in terror.

Mrs. White was Peyser's next victim. She sought to stop him, but as she did so Peyser fired two bullets into her neck, mummbling the while something about "getting Margie."

Thereupon the maddened youth dashed into the living room. Addressing a curt farewell to Mrs. Ray, he shot her and then killed himself.

F. M. Ray, a relative, heard the shots while working nearby, but rushed into the house too late to be of assistance.

DOES OFF-CAMPUS RESIDENCE CAUSE POOR SCHOLARSHIP?

Stanford University, Cal., Jan. 12.—Does living off the campus affect scholarships? This is the question uppermost in the minds of a committee of the men's conference, which is investigating the cause of so many poor scholarships among new men students of Stanford university. Preliminary inquiries showed that 50 per cent of the warnings sent out for serious defects in scholarships went to men living off the campus, and that 45 per cent of all the new men of the university reside in Palo Alto or other surrounding towns.

The committee has been instructed to present some plan for meeting the situation if it finds that off-campus residence has anything to do with the poor scholarships.

'LONESTAR' DIETZ TO HEAD MOVIE COMPY

(By United Press Leased Wire)

Portland, Jan. 12.—"Lonestar" Dietz, Indian coach of the crack Washington State college football team, hereafter will be known as "Chief" Dietz.

Stopping in Portland on his way to Pullman, Wash., Dietz today detailed his plans for an Indian village and exclusively Indian motion picture company at Riverside, Cal.

Dietz will be leading man in the company and chief of the village, which will be made up of Sioux, Zuni and Hopi Indians.

"Standing Bear, one of the first men to graduate from Carlisle, is handling the Sioux situation for us," Dietz said. "He will join the company when we start up in June, and will bring a large number of Sioux tribesmen with him. We have also arranged for the Zuni and Hopi Indians who were at the San Francisco exposition to join our colony. None but Indian pictures will be taken."

Frank T. Miller, of Riverside, is one of the principals in the formation of the company. He is negotiating for several white actors from other companies to take the "pale-face" parts.

Chicago, Jan. 12.—Icy pavements, resulting from a sleety blizzard, were responsible today for one death. The storm impaired wire and rail communication throughout the middle west.

Keeping It Quiet.

A little girl was out walking the other day with her mother when she caught sight of a man with a wooden leg.

"Oh, mamma!" she cried. "See that man with a stick for a leg?"

"Don't talk so loudly," said mamma. "He'll hear you."

"Why?" the little one replied in surprise. "Doesn't he know it?"—London Mail.

Easy to Preach.

"Who wrote that article on how to support a family of six on \$10 a week?" a friend asked Wiggins, the editor of the Household Friend. "Bligham, one of our best men," said Wiggins, without a smile. "We pay him \$5,000 a year."—Louisville Courier-Journal.

MOTION PICTURE PLANT DAMAGED BY FIRE

(By United Press Leased Wire)

Santa Monica, Cal., Jan. 12.—Thomas H. Ince, director of the New York Motion Picture company, and eight film cutters suffered today from burns sustained when a \$100,000 fire destroyed a portion of the big movie plant in Santa Ynez canyon. The blaze is believed to have been caused by an exploding film. Ince and the others were forced to dive through the flames to safety. The film cutting room, general offices and a large amount of valuable manuscript were burned.

Spontaneous combustion in a pile of oil-soaked rags started a fire in the new Culver City plant of the New York Motion Picture company last night. Frank Elwell, a property man, extinguished it. The damage was nominal.

The supreme emotional actress

Miss Emily Stevens

In

"The House of Tears"

Unique plot, select cast, superb photography. This is a first-run picture and has not been shown even in Portland yet.

A grim tragedy of the divorce court, a child left in a tortured father's care, a misjudged and misguided woman who seeks solace for the wrong done her by becoming the wife of the "other man," years of misery for all, the father's sudden death after his financial ruin, the mother's ultimate desertion by the "other man," and finally, through a strange chain of circumstances, her discovery that he is about to wed the daughter whom she has not seen for years, form a graphic and supremely pathetic story of unusual character.

"The Final Judgment" photoplay has been delayed, but will be shown later at the Star.
